

# WASTE HEAT TO POWER

GENERATE CLEAN ENERGY FROM LOW TEMPERATURE WASTE HEAT WITH THE POWER+ GENERATOR

## POWER FROM A RESOURCE YOU ALREADY HAVE

## BENEFITS OF THE POWER+ GENERATOR

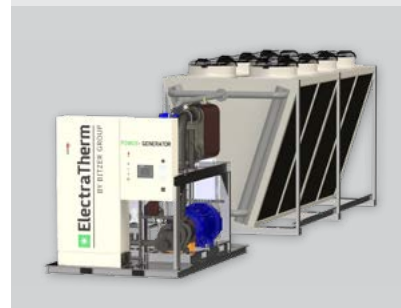

- // Ease of Installation
- // Low Maintenance
- // Minimal Footprint
- // Attractive Payback
- // 20-Year Design Life
- // May Qualify for Incentives

## ELECTRATHERM'S POWER+ GENERATOR MODELS

**POWER+  
4400B & 4400B+**  
Up to 75kWe  
Standalone (shown) or  
Packaged System

**POWER+  
6500B & 6500B+**  
Up to 125kWe  
Largest Output  
Standalone or  
Packaged System  
(shown)

## APPLICATIONS WITH WASTE HEAT:

- // Stationary Engines/CHP
- // Wastewater Treatment/Flared Gas
- // Biomass
- // Oil & Gas Wells
- // Geothermal
- // Biogas
